DANIELA MUÑOZ CLAVIJO
Product Designer

Barcelona, Spain • danielamunoz5428@gmail.com • +34 684 765 946 • LinkedIn • Portafolio

PROFESSIONAL SUMMARY

Product Designer with **5+ years of experience** delivering digital products, SaaS platforms, and web/mobile solutions. Skilled in bridging user needs with business goals using Product Thinking, UX Research, information architecture, interaction design, and continuous experimentation. Proven track record of working alongside Product Managers and engineers in Agile environments to define strategic opportunities, validate hypotheses, and scale impactful features. Master's graduate from ELISAVA.

EXPERIENCE

Freelance — Barcelona, Spain
Product & UX/UI Designer — Present

- **Product Strategy & Definition:** Aligned business objectives, product vision, and user needs to conceptualize end-to-end digital solutions.
- **AI Workflows & Efficiency:** Embedded AI tools into discovery, research, content generation, and rapid prototype iteration.
- **Design Systems & Scalability:** Structured information architecture, user flows, interactive prototypes, and Design Systems to ensure product consistency.

Tusclasesparticulares — Barcelona, Spain
Product & UX/UI Designer · Marketing & CRM — May 2025 - Oct 2025

- **Experimentation & Growth (CRO):** Designed, launched, and evaluated A/B and A/B/C tests to optimize conversion funnels, reduce drop-off rates, and improve retention.
- **Product Discovery:** Analyzed qualitative/quantitative user behavior data, conducted competitive benchmarking, and extracted key insights to identify growth opportunities.
- **Co-creation & Delivery:** Translated user needs and product hypotheses into user stories, interactive Figma prototypes, and scalable Design System components.

Acreditta — Bogotá, Colombia
Product & UX/UI Designer — July2021 – Apr 2024

- **SaaS Product Strategy:** Led end-to-end product design (research, ideation, high-fidelity UI, and release support) for a B2B digital credential platform in close alignment with Product Management.
- **PWA Mobile Product:** Discovered, designed, and validated a Progressive Web App (PWA) to centralize digital **credential management on mobile devices.**
- **Qualitative & Quantitative Discovery:** Conducted interviews, usability sessions, and Hotjar analytics to prioritize the product backlog and eliminate UX friction.
- **Agile Integration:** Authored user stories, defined acceptance criteria, and delivered interactive prototypes for cross-functional sprint execution.

EARLY EXPERIENCE

Gobernación de Cundinamarca / NIX Engineering / Hacienda Salamanca — Bogotá, Colombia
Graphic Designer (freelance, concurrent with Acreditta) — 2019 – 2023

- Conceptualized and built web products, multimedia collateral, and visual design systems to align branding with digital interaction

EDUCATION
